

RAILROAD RETIREMENT BOARD**Proposed Collection; Comment Request**

In accordance with the requirement of Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 which provides opportunity for public comment on new or revised data collections, the Railroad Retirement Board (RRB) will publish periodic summaries of proposed data collections.

Comments are invited on: (a) Whether the proposed information collection is necessary for the proper performance of the functions of the agency, including whether the information has practical utility; (b) the accuracy of the RRB's estimate of the burden of the collection of the information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d)

ways to minimize the burden related to the collection of information on respondents, including the use of automated collection techniques or other forms of information technology.

1. *Title and purpose of information collection:* Employee Representative's Status and Compensation Reports; OMB 3220-0014.

Under Section 1(b)(1) of the Railroad Retirement Act (RRA) (45 U.S.C. 231b), the term "employee" includes an individual who is an employee representative. As defined in Section 1(c) of the RRA, an employee representative is an officer or official representative of a railway labor organization other than a labor organization included in the term "employer," as defined in the RRA, who before or after August 29, 1935, was in the service of an employer under the RRA and who is duly authorized and

designated to represent employees in accordance with the Railway Labor Act, or, any individual who is regularly assigned to or regularly employed by such officer or official representative in connection with the duties of his or her office. The requirements relating to the application for employee representative status and the periodic reporting of the compensation resulting from such status is contained in 20 CFR 209.10.

The RRB utilizes Form DC-2, *Employee Representative's Report of Compensation*, to obtain the information needed to determine employee representative status and to maintain a record of creditable service and compensation resulting from such status. Completion is required to obtain or retain a benefit. One response is requested of each respondent. The RRB proposes no changes to Form DC-2.

ESTIMATE OF ANNUAL RESPONDENT BURDEN

Form No.	Annual responses	Time (minutes)	Burden (hours)
DC-2	82	30	41
Total	82	41

2. *Title and purpose of information collection:* Application for Survivor Insurance Annuities; OMB 3220-0030.

Under Section 2(d) of the Railroad Retirement Act (RRA) (45 U.S.C. 231a), monthly survivor annuities are payable to surviving widow(er)s, parents, unmarried children, and in certain cases, divorced spouses, mothers (fathers), remarried widow(er)s, and grandchildren of deceased railroad employees if there are no qualified survivors of the employee immediately eligible for an annuity. The requirements relating to the annuities are prescribed in 20 CFR 216, 217, 218, and 219.

To collect the information needed to help determine an applicant's entitlement to, and the amount of, a survivor annuity the RRB uses Forms AA-17, *Application for Widow(er)'s Annuity*; AA-17b, *Applications for Determination of Widow(er)'s Disability*; AA-18, *Application for Mother's/Father's and Child's Annuity*; AA-19,

Application for Child's Annuity; AA-19a, *Application for Determination of Child's Disability*; AA-20, *Application for Parent's Annuity*, and electronic Forms AA-17cert, *Application Summary and Certification* and AA-17sum, *Application Summary*.

The on-line automated survivor annuity application (Forms AA-17, AA-18, AA-19, and AA-20) process obtains information about an applicant's marital history, work history, benefits from other government agencies, and Medicare entitlement for a survivor annuity. An RRB representative interviews the applicant either at a field office (preferred), an itinerant point, or by telephone. During the interview, the RRB representative enters the information obtained into an on-line information system. Upon completion of the interview, the system generates, for the applicant's review, either Form AA-17cert or AA-17sum, which provides a summary of the information that the applicant provided or verified. Form

AA-17cert, *Application Summary and Certification*, requires a tradition pen and ink "wet" signature. Form AA-17sum, *Application Summary*, documents the alternate signing method called "Attestation," which is an action taken by the RRB representative to confirm and annotate in the RRB records (1) the applicant's intent to file an application; (2) the applicant's affirmation under penalty of perjury that the information provided is correct; and (3) the applicant's agreement to sign the application by proxy. When the RRB representative is unable to contact the applicant in person or by telephone, for example, the applicant lives in another country, a manual version of the appropriate form is used. One response is requested of each respondent. Completion of the forms is required to obtain a benefit.

The RRB proposes no changes to forms AA-17b, AA-17cert, AA-17sum, AA-19a.

Form No.	Annual responses	Time (minutes)	Burden (hours)
AA-17 Application Process:			
AA-17cert	900	20	300
AA-17sum	2,100	19	665
AA-17b:			

ESTIMATE OF ANNUAL RESPONDENT BURDEN—Continued

Form No.	Annual responses	Time (minutes)	Burden (hours)
(With assistance)	250	45	188
(Without assistance)	20	55	18
AA-19a:			
(With assistance)	200	45	150
(Without assistance)	15	65	16
Total	3,485	1,337

3. Title and purpose of information collection: Nonresident Questionnaire; OMB 3220-0145.

Under Public Laws 98-21 (42 U.S.C. 410) and 98-76 (45 U.S.C. 231t), benefits under the Railroad Retirement Act payable to annuitants living outside the United States may be subject to taxation under United States income tax laws. Whether the social security equivalent and non-social security equivalent portions of Tier I, Tier II, vested dual benefit, or supplemental

annuity payments are subject to tax withholding, and whether the same or different rates are applied to each payment, depends on a beneficiary's citizenship and legal residence status, and whether exemption under a tax treaty between the United States and the country in which the beneficiary is a legal resident has been claimed. To affect the required tax withholding, the Railroad Retirement Board (RRB) needs to know a nonresident's citizenship and legal residence status.

To secure the required information, the RRB utilizes Form RRB-1001, *Nonresident Questionnaire*, as a supplement to an application as part of the initial application process, and as an independent vehicle for obtaining the needed information when an annuitant's residence or tax treaty status changes. Completion is voluntary. One response is requested of each respondent.

The RRB proposes no changes to Form RRB-1001:

ESTIMATE OF ANNUAL RESPONDENT BURDEN

Form No.	Annual responses	Time (minutes)	Burden (hours)
RRB-1001 (Initial filing)	300	30	250
RRB-1001 (Tax renewal)	1,000	30	400
Total	1,300	650

SCIENCE AND TECHNOLOGY POLICY OFFICE

Request for Information: Sustainable Chemistry

AGENCY: Office of Science and Technology Policy (OSTP).

ACTION: Notice of Request for Information (RFI) from the public on

Federal programs and activities in support of sustainable chemistry.

SUMMARY: The Office of Science and Technology Policy (OSTP) requests input from interested parties on sustainable chemistry to guide future Federal efforts. The term “sustainable chemistry” does not have a consensus definition and most uses of the term indicate that it is synonymous with “green chemistry.” Therefore, information is requested on the preferred definition for sustainable chemistry. OSTP requests comments on how the definition of sustainable chemistry could impact the following: The role of technology, Federal policies that may aid or hinder sustainable chemistry initiatives, future research to advance sustainable chemistry, financial and economic considerations, and Federal agency efforts. Comments provided in response to this RFI will be used to address Subtitle E—Sustainable Chemistry of the 2021 National Defense Authorization Act (NDAA) to identify research questions and priorities to promote transformational progress in improving the sustainability of the chemical sciences.

DATES: Interested persons and organizations are invited to submit comments on or before 5:00 p.m. ET on June 3, 2022.

ADDRESSES: Interested individuals and organizations should submit comments electronically to JEEP@ostp.eop.gov and include “Sustainable Chemistry RFI” in the subject line of the email. Due to time constraints, mailed paper submissions will not be accepted, and electronic submissions received after the deadline may not be taken into consideration.

Instructions

Response to this RFI is voluntary. Each responding entity (individual or organization) is requested to submit only one response. OSTP welcomes any responses to inform and guide policies and actions related to Sustainable Chemistry. Please feel free to respond to one or as many topics as you choose, while noting the number of the topic(s) to which you are responding. Submission must not exceed 10 pages in 12-point or larger font, with a page number provided on each page. Responses should include the name of the person(s) or organization(s) filing the comment, as well as the respondent
